New Year Message- 2026 From the Director General Telecom

Dear Colleagues,

As we enter the New year 2026, I convey my warm greetings and best wishes to all officers and staff of the LSA field units and the Headquarters of the Directorate General of Telecom.

This new year presents significant opportunities as well as responsibilities in further strengthening the telecom regulatory and monitoring framework of the country. The dedication, professionalism, and sustained field-level efforts of the LSA Units will continue to play a vital role in ensuring regulatory compliance, service quality, and citizen-centric service delivery in the Telecom Sector.

Let us work towards ensuring a society with no fear of cyber frauds and ill-effects of EMF radiations. Let us align our efforts towards improving lost mobile tracing/recovery rate in Close coordination with State Police authorities, improving our presence on social media, print media, FM radios etc., improving coordination with State authorities & LEAS, reducing DIU cases and busting illegal telecom setup etc. I am confident that we shall achieve it with renewed commitment, innovation and hardwork.

I extend my best wishes to all officers & staff and their families for a happy, healthy and prosperous New year 2026.

(Ramesh K mar oyal)
